*The Meru Youth Services (MYS) invites eligible youth aged 18 to 35 years who are residents of Meru County and possess a minimum of a KCPE certificate to participate in the MYS 2026 Recruitment. The programme seeks to empower young people by providing structured opportunities for skills development, employment, and self-reliance, addressing youth unemployment and promoting community development. Successful applicants will be selected through an open and transparent lottery system and will first undergo a short orientation course, followed by short-term employment in community service activities, and thereafter proceed to Vocational Training Centers to undertake technical and vocational training. All youth who meet the minimum requirements and wish to benefit from this transformative opportunity are invited to participate in the indicated dates and time.*
